No student can be admitted under the age of fifteen years.
Every student provides his own bed, room-furniture, fire-wood
candles.

It is required of every student, before admission, to exhibit
proper testimonials of his good moral character, and afterwards to
end a season, not less than one Term, on Probation. And such
students as do not appear to yield a willing obedience to the laws,
to pursue their studies to the satisfaction of the President, are
dismissed from matriculation.

A student that indulges in elegance of dress and furniture, and
that travels in vacation, will require from \$ to \$
per annum. More than this, even by such a student cannot be ex-
pended, without diffusive charity or censurable extravagance.

It is made the duty of the College Register, to act, without
charge, as Banker for the students, and to receive and pay out all
moneys intended for their use—an account of all receipts and dis-
bursements, to be rendered to their several parents. And it is re-
quired, that all moneys intended for the use of any student of Union
College, be transmitted to and deposited with said Register. Nor
will the Faculty consider themselves under obligation to continue
under their care, any student, whose parent or guardian is unwilling
to comply with this regulation.

The whole necessary expense of students, during term time,
for BOARD IN THE HALL, tuition, room rent, stove rent, use of books,
fire-wood, candles and washing, amounts to \$108 per annum.

Students are allowed to board at several other licensed houses,
but they thereby incur an additional expense from \$10 to \$40 per
annum.

If any student board at a house not licensed, he is liable to a
charge of twenty cents per week.

Those students who remain in vacation will incur an additional
expense for board.

The expense for clothing and pocket money must vary accord-
ing to the individual economy of the students, and cannot therefore
be precisely estimated.

A student that remains at College, during vacation, may clothe
himself decently, and pay all his other bills, if he is economical, with
about \$ per annum.

SPECIAL PROVISION IS MADE FOR INDIGENT STUDENTS, AND THE
WHOLE NECESSARY EXPENSE TO BE PROVIDED FOR BY SUCH STUDENTS
DURING TERM TIME will be only \$54 per annum.

The Collegiate year is divided into three sessions or terms of
study; and the expense of each term is paid in advance.

The Commencement takes place on the *Fourth Wednesday of*
July—after which there is a vacation of seven weeks. There are
two other vacations of three or four weeks each; one commencing
about the 15th of December, the other about the 10th of April.

The Faculty consent with reluctance, to students' remaining ei-
ther in College or in Schenectady, during vacation: as experience

The ensuing term will commence on Friday the 17th September next, in the evening, when your son will be required to attend in his place, and when payment of this bill must also be made. No deduction is made by the Institution, from the usual charges of tuition and room-rent, on account of absence from College. Nor are the Faculty allowed to sign any degree, certificate or dismissal for any student, until his bills are settled. Board at College-Hall, at \$1 00 per week, paid quarterly in advance. The following persons, keeping boarding-houses, are authorized to board students for the ensuing term, viz. C. Hamilton, J. Betts, D. Knight, J. Holmes.

has shown that it is usually injurious. Parents ought, whenever it is practicable, to provide either for their sons' returning home, or for their visiting their friends, during vacation—and when this is not practicable, they ought to notify the Faculty, that those students who have no place to go to, may be placed in some retired situation, or employed in some useful study or healthful excursion, and not left to pass so important a portion of time in idleness or dissipation. The most scrupulous attendance on Church, Prayers, Recitations, and all Collegiate exercises is required, and no excuse except sickness or unavoidable necessity, is admitted. An accurate and daily account is kept of the transgressions of the Laws by each student, and of the degree of his attainment in scholarship, conduct and attendance, and a copy of the same is transmitted to his Parent or Guardian at the end of the term.

Course of Studies,

Preparatory for Admission into Union College, pursued in the Schenectady Academy.

- Selectæ e Vet. Eutropius and Clark's Introduction.
- Corn's. Nepos, Cæsar's Commentaries.
- Virgil, Cicero's Select Orations, Greek Grammar, Greek Testament, Greek Introduction and Græca Minora.

It is desirable that scholars, preparing elsewhere for admission into Union College, should pursue the same course of studies. This however is not rigidly insisted on—less attention being paid to the books read than to the amount of knowledge acquired.

Rigg's Latin Grammar, and Moor's Greek Grammar translated by Dr Blatchford, are recommended.

Miss Mary A. Petersen

Dear Miss Petersen:

Thank you so much for writing me of Charles Bartlett's and Edmund Guidal Rawson's graduation dates, and for the added information. I didn't know which Edmund Guidal Rawson it was who graduated from Union, although I might have if I had referred to the Rawson book. But it doesn't give his graduation year.

So I was much amused when I had said he was my husband's grandfather for he had only one little girl who lived six years. He had a brother, Alexander, who had several children--and he named one of his sons, Edmund Guidal to carry on the name which had come down either as Edmund Guidal or Guidal since Edward Rawson, Sec. of Massachusetts Bay Colony, who came in 1630 or 32.

That Alexander was my husband's grandfather. My husband was Edmund Guidal and we gave that name to our son, and he has passed it to his son who is now 13 years old. I note that you have his wife and child listed.

Charles Bartlett married Emily Vedder October 10, 1833 probably in Utica. They had seven children:

Charles, Jr. who was born 1834 d. 1836.

Emily Vedder born December 9, 1836 --died Nov. 1839

Cornelia Vedder b. 1839 d. 1864

Charles Talmadge b. 1842 d. 1908

Howard b. 1844 d. 1914

Mary Emily b. 1846 d. 1930

Ada b. 1850 d. 1886

You may not care for that long list of children. Mary Emily was my mother. Emily Vedder died July 1852 drowned in that tragic disaster on the Hudson River when the steamer Henry Clay was burned.

For his second wife Charles Bartlett Married Celia Clizbe --cousin of his first wife October 1853.

They had two daughters: Emma Thudson 1855 - d. 19

El en Clizbe 1857 d. 1944

You may not care for this long list, as I said before.

Thank you again for writing me, answering my questions and telling me much else.

Sincerely yours,

Emily Bartlett Platt Rawson
(Mrs. Edmund G. Rawson)
